Doha, Qatar – The Pakistan Engineers Forum (PEF) recently hosted a highly successful event at the prestigious Riviera Al Rayhaan Hotel by Rotana, bringing together esteemed members, guests, and industry leaders to celebrate the Pakistani Independence day.

The event, held on 14 August 2024, was attended by a large number of participants, including HE Ambassador of Pakistan, Muhammad Aejaaz, who graced the occasion as the chief guest. The program commenced with a soulful Tilawat by Abdul Hakam, followed by a heartfelt rendition of

the national anthem, “Milli Naghma”, by Mazhar Yousafzai.

Ahmad Javaid, VP, expertly hosted the program, ensuring a seamless and engaging experience for all attendees. The highlight of the event was a keynote address by PEFQ President, Arshad Hussain Hashmi, who shared his insights on the latest advancements and trends in the field of engineering, emphasizing the need for dedicated efforts to establish a strong foundation for future generations in entrepreneurship and innovation.

HE Ambassador Muhammad Aejaaz expressed great satisfaction with the event and appreciated the PEFQ Excom for organizing such a wonderful program. He praised the keynote speech, stating that the topic was “close to his heart” as he has always emphasized the empowerment of youth.

In his remarks, HE Ambassador Muhammad Aejaaz also noted, “Achieving big goals, like climbing the mighty mountain K2, starts with a single step. After taking that first step, it’s essential to focus on the way forward, and with persistence and determination, you will ultimately reach your destination.”

Mr. Riyaz Bakali, Member of the Advisory Board, in his words of thanks, appreciated all the participants, the organizing Excom, and the advisory board for their dedicated efforts. He stressed the importance of motivating youth towards innovation and technology.

The program concluded with a cake-cutting ceremony, followed by dinner. The event was attended by a large number of community members, dignitaries, embassy officials, and other distinguished guests.

The successful event was a testament to the hard work and dedication of the PEFQ ExCom and its commitment to fostering innovation, entrepreneurship, and community engagement.
