Beirut, November 17 (QNA) – One person was killed and others were injured as a result of the continued Israeli raids on several villages and towns in Lebanon.

Lebanon's national news agency (NNA) reported that an Israeli raid targeted the /Jdeidet Marjeyoun/ area, causing the death of one person and the injury of others.

The towns of /Khiam/ and /Wadi Hamoul/ in Naqoura district were also targeted by heavy

artillery shelling and phosphorous bombs.

meanwhile, Israeli warplanes conducted a fourth heavy raid on /Haret Hreik/ in the southern suburbs, targeting a residential complex, while another air raid targeted a house in the town of /Arabsalim/ in the Iqlim al-Tuffah area in southern Lebanon.

The Israeli artillery shelled the villages of /Batoulieh/, /Shaitieh/, /Ramadieh/, and /Zebqine/ in the Tyre district, with warplanes and reconnaissance aircraft flying over the area.

Lebanon has endured over a year of Israeli aggression, which escalated significantly since late September.

This intensified violence has resulted in the tragic loss of thousands of civilian lives, left many more injured, and forced over a million people to flee their homes.
