Kyiv, December 03 (QNA) – The Ukrainian Ministry of Health announced on Tuesday that 2,167

medical facilities have been destroyed or damaged since the beginning of the war.

Hospitals in the regions of Kharkiv, Donetsk, Mykolaiv, Kyiv, Chernihiv, Dnipro, Kherson and

Zaporizhzhia suffered the greatest losses, the ministry said in a statement reported by the

Ukrainian National News Agency (Ukinform).

According to the Ukrainian General Staff and the Ministry of Health, 235 ambulances have been damaged, 264 have been destroyed, and 125 have been seized, since the beginning of the war.

The statement added that 565 and 370 medical facilities have been completely restored across Ukraine.
