Gaza, December 22 (QNA) – Dozens of Palestinians, including children and women, were martyred and injured in the ongoing Israeli occupation aggression on the Gaza Strip, which is entering its 443rd day.

The Palestinian News Agency (WAFA) reported that eight Palestinians were martyred and others injured as a result of Israeli airstrikes on a school sheltering displaced people in Al-Daraj

neighborhood of Gaza city.

Three Palestinians were also martyred in an Israeli airstrike on the city of Rafah. Additionally, a Palestinian and his wife were martyred when Israeli forces targeted their apartment in Khan Younis Governorate.

The death toll from last night's massacre against a family in eastern Deir al Balah has risen to 11 martyrs, with several others injured.

Meanwhile, the Israeli forces continue to demolish residential buildings north of the Nuseirat Refugee Camp in the central Gaza Strip, alongside ongoing artillery shelling of the area.

The Israeli occupation forces have been waging their aggression on the Gaza Strip by land, sea, and air since Oct. 7, 2023, resulting in the martyrdom of 45,227 Palestinians, the majority of whom are women and children, and the injury of 107,573 others. This is a preliminary toll, as thousands of victims remain under the rubble and on the streets since rescue teams are unable to reach them
