Doha, Qatar – 13 March 2025: Msheireb Museums, in collaboration with the Young Entrepreneurs Club (YEC), hosted a Ramadan Gathering on Artificial Intelligence (AI), featuring discussions on AI's

impact on business, society and emerging technologies with leading Qatari experts.

The event presented insights from Dr. Salman Al Buhlaïqa, Artificial Intelligence specialist;

Khalifa Al

Haroon, Founder of I Love Qatar and Store 974; and Dr. Mohammed Al Jufairy, CEO of Sidra Holding.

The speakers examined how AI is transforming industry operations and technological engagement across various sectors.

Abdulla Al Naama, General Manager of Msheireb Museums, said: "Our partnership with YEC continues to provide platforms for important discussions. AI's ongoing influence on business evolution and societal adaptation makes it particularly relevant to address now. Msheireb Museums offers an ideal setting for these necessary conversations."

Dr. Ibrahim Khalid Al-Sulaiti, President of the Young Entrepreneurs Club, noted: "This gathering demonstrates our commitment to engaging with industry experts and supporting Qatar's technological

advancement. We aim to inspire the next generation of entrepreneurs through exploration of current

AI trends."

"Msheireb Museums provides a unique environment where technological discussions and cultural

heritage converge, creating an effective space for learning and collaboration," Dr. Al-Sulaiti added.

The discussions covered ethical considerations in AI development, entrepreneurial applications, and

cross-industry advancements. Speakers also addressed practical implementation of AI in business

strategy and broader social contexts.

The "Ramadan Gathering in Artificial Intelligence" forms part of YEC's ongoing work to develop young

talent and drive innovation. YEC, operating as a non-profit under Qatar's Ministry of Sports and Youth,

consistently supports entrepreneurship and technological advancement initiatives.
