MIRPUR (AJK): May 5: Azad Jammu Kashmir

Prime Minister Chaudhry Anwar ul Haq has said that he stands as the Prime Minister of the entire state of Jammu and Kashmir representating 20 million Kashmiris.

He said this while talking to a delegation of the 15th National Workshop Balochistan that called on him at Jammu and Kashmir House in the State metropolis on Monday.

Speaking on the occasion, the PM said that the Maharaja's agreement that India shows was a fake document. He said that with abrogation of Articles 35A and 370, that fake agreement was also canceled. He said that Pakistan is militarily stronger than India. "India will receive a swift and harder response from Pakistan if it attempted to commit any form of aggression", he said.

He said that Pakistan's nuclear power, which serves as a potential deterrent against foreign aggression, was an eyesore for its enemy. "Modi does not have the courage to cross the international border, however, we need to be extra cautious, vigilant and united in the face of conspiracies being hatched against our beloved motherland", he remarked. "In the presence of the brave Army, India will think ten times before resorting to any adventure", the PM added.

"My pain is that my children are being martyred every day in occupied Kashmir", the PM said, adding that Kashmiris were being blinded and brutalized, killed, maimed and murdered by the Indian occupation forces every now and then. Thousands of Kashmiris including top rank Hurriyat leaders, human rights defenders and civil rights activists have been booked under infamous laws and left to rot in jails.

Lauding the Kashmiris' resilience in the face of Indian state terrorism, he said, "The brave Kashmiris have kept the freedom movement alive there by laying down their lives". The Prime Minister said that in 2019, India killed two crows and the PAF shot down two of their planes and one of the pilots was arrested from his home town Bhimber. Modi's politics, he said, is based on an anti-Pakistan narrative, which is gradually losing its effectiveness.

Anwaar said that an anti-India narrative has started to form in Pakistan only because of Modi's warmongering. The PM stated that when the security of the country is in danger the use of nuclear weapons become enviable? Pakistan's defense system, he said, is much stronger than India.

"Recently, our defense system detected Indian Rafael fighter jets and electronically jammed them and forced them to land somewhere in Occupied Kashmir". "This is what happened in 1965 war when our planes surrounded Indian jets near Lahore city and shot them down", he added.

"India, a country of 1.5 billion and the fourth largest power, could not tolerate my three interviews", he said, adding that the Indian government banned the Pakistani tv channels in India, which interviewed him. The Prime Minister while stressing on complete unity in the face of Indian aggression said that political polarisation was detrimental for Pakistan, especially when threat of a war looms large. The PM voiced his disappointment over the UN's failure to stop genocide in Gaza. He said that if India starts a war, India will be divided into pieces.

“Kashmir is the best place for guerrilla warfare. Azad Kashmir will turn into a graveyard for the Indian army if it attempts to cross the LoC”, he added. In response to a question, he said that the brave people of occupied Kashmir have engaged nine lakh Indian soldiers. It is because of them that the Kashmir issue stands alive, the AJK PM concluded.
