Doha : NVBS shuttlers have dominated in 'Qatar Run 2024' with 4 Gold Medals & 4 Bronze Medals in Kids Category Marathon organized by Gulf Madhyamam . Around 50 badminton players from New Vision Badminton Sport (NVBS) had participated in the event on various categories like mini

kids, junior and primary category for the marathon race and came out in flying colours underlining the importance of physical fitness and training in sporting event.

Under the guidance of 12 coaches, players from NVBS academy arrived at Al Bidda park at 6 'o clock in the morning. After the warm-up session the runners made their way onto the track. Indian teenage badminton star 'Riya Kuriyan' from Intermediate section came first in 3 KM Category (13 to 16 age) finishing the track by the recordal time followed by 'Adlyn Mary Sojan' as 2nd Runner-up. In 800 Female Mini Kids' Category (3 to 6 age) 'Kashvi Nambiar' secured First position and 800 Male Mini Kids Category (3 to 6 age) 'Aadidev Aji' came as 2nd Runner-up. 'Andriya Reetha Sojan' is the Winner for 3 KM Female Primary Category (7 to 9 age) and 'Sanjana Nakulan' became Winner in 3KM Female Secondary Category (10 to 12 age). 'Adam Noujas' became 2nd Runner-up in 3 KM Male Primary Category (7 to 9 age) and 'Jonah Joby' became 2nd Runner-up in 3 KM Secondary Category (10 to 12 age).

NVBS Coaches Afsal, Adarsh, Abhijith and Darshana and their utmost effort from the beginning was there for the children, as a result of their effort we were able to produce excellent performance. They helped and supported the children to participate in the Marathon run by coordinating and submitting their registrations and collecting their required attire which was attached by a 'chip' that shows the exact starting and finishing timing of the run. With their full

commitment and support only many children from NVBS had participated and received the achievements. With the continuous morning badminton fitness training, we were confident that the players will be able to complete the run and definitely they can perform well in the marathon race. All 50 players completed the race successfully by gaining impressive achievements in their own respective categories. NVBS players with their continues morning badminton fitness training they are capable to participate in various sports activities in school and also able to perform in other extra-curricular activities like athletic, dance etc., we were confident that players will be able to complete the marathon race because of the fitness level developed by NVBS for the kids. With the support of parents, we are hoping to participate more players in similar sports activities for the upcoming events. We hope to have parents continuous support in the future for their kids development in sports career said by Manoj Sahibjan.
