MIRPUR (AJK): February 3: Hameed Shaheen Alvi Adviser to ex-Prime Minister of AJK has suggested to the industrial manufacturers and products makers to inscribe their products with “Kashmir Seeks Attention” call as part of National Kashmir Solidarity Day being observed nationwide in Pakistan and internationally by Kashmiri Diaspora on February 5, 2023.

Talking to our Special Kashmir Correspondent Altaf Hamid Rao here on Friday, he said Kashmiris are making unprecedented sacrifices to secure deliverance from 76-year prolonged Indian yoke; people of Pakistan’s unswerving support to their Kashmiri brethren are also unprecedented, he added.

Inscription of “Kashmir Seeks Attention” alert call on industrial products will strengthen further confidence of the struggling Kashmiris besides being ethical support to thousands of Kashmiri families whose members and elders are languishing in Indian jails for past several years; the cause of Kashmir is just and fair as that aims at acceding Jammu and Kashmir to Pakistan in accordance with the principles of partition of Indian subcontinent of June 3rd, 1947 that defined Muslim majority regions as Pakistan and Hindu majority zones as Hindustan.

Our national print and visual media should also put on forehead of their devices the rightful call of “Kashmir Seeks Attention”. That will be a direction intellectual supporting contribution to the cause of Kashmir, he added. Ends
