- *The latest addition to the Patrol line-up is built for exploration with a rugged design, all-terrain capability, and advanced technology*
- *Adventure-ready PRO-4X sub-brand makes regional debut on the iconic Nissan Patrol*

Doha, Qatar (June 22nd, 2025) – Building on a legacy of capability, Nissan has unveiled the all-new Patrol PRO-4X, marking the regional debut of its renowned Pro-4X all-terrain sub-brand in the Middle East. Engineered specifically for exploration, the all-new Patrol PRO-4X combines elevated all-terrain performance with distinctive design and advanced technology.

The all-new Patrol PRO-4X stands apart with a unique blend of rugged styling and purposeful enhancements tailored for off-road appeal. Exclusive aesthetic elements and functional upgrades elevate its bold character, including signature Lava Red accents and darkened exterior details across the bodywork, and exclusive wheels fitted with all-terrain tires, amplifying its commanding presence.

Positioned between the Patrol V6T Titanium and V6T Platinum grades, the all-new Patrol PRO-4X distinguishes itself with rugged design cues and purposeful enhancements tailored for off-road exploration. Powered by a robust 3.5-liter twin-turbo engine, the PRO-4X delivers exceptional performance, complemented by adaptive air suspension, an improved approach angle, and increased ground clearance for enhanced off-road capability.

Thierry Sabbagh, Divisional Vice President, President – Middle East, KSA, and CIS – Nissan, INFINTI, commented: “Introducing the all-new Patrol PRO-4X to the Middle East reflects our ongoing commitment to delivering vehicles that resonate with the needs and lifestyles of our

customers. This all-new adventure-ready model blends the legendary comfort and presence of the iconic Patrol with the ruggedness of PRO-4X, offering a distinctive expression of capability tailored for drivers who wish to explore the region's diverse terrains."

Nassim Mourani, General Manager of the Automotive Group at Saleh Al Hamad Al Mana Co.,

commented: "The Patrol has long been a trusted name in Qatar, known for balancing performance, reliability, and comfort. With the introduction of the all-new Patrol PRO-4X, Nissan is offering a model that builds on that legacy while catering to drivers who value off-road capability and distinctive design. We believe the all-new Patrol PRO-4X will resonate strongly with customers here who are looking for a vehicle that can confidently handle Qatar's diverse driving environments—from city streets to more challenging terrains—without compromising on comfort or technology."

FEEL THE RUGGEDNESS IN EVERY DETAIL

The all-new Patrol PRO-4X projects strength with every line and finish. Designed to make an immediate impression, its high-clearance front fascia and signature Lava Red tow hooks lend it a bold, unmistakable presence. A new three-slot grille, inspired by Nissan's Hardbody heritage, signals the PRO-4X's off-road pedigree, while exterior black accents, unique badging in Lava Red, and durable skid plates give the SUV a distinct personality that commands attention on every

drive.

The interior tells its own story of strength and comfort. Quilted leather seats with contrast stitching, embroidered with the PRO-4X emblem, create a space that feels as purposeful as it is premium. Built with NASA-inspired spinal support technology designed to promote optimal posture and minimize fatigue, the seats are tailored for those who venture far, combining rugged capability with refined comfort.

FEEL THE CAPABILITY IN EVERY TERRAIN

Built for those who seek more from every journey, the all-new Patrol PRO-4X seamlessly blends power, precision, and comfort to deliver a complete all-terrain experience. At its core is a formidable 3.5-liter twin-turbo V6 engine producing 425 horsepower and 700 Nm of torque, paired with a 9-speed automatic transmission and paddle shifters for added control. An adaptive air suspension system with e-damper technology enables the vehicle to automatically adjust the ride height and damping based on the terrain, offering a smoother ride when needed, and up to 294 mm of ground clearance when tackling obstacles off the beaten path. The system also improves aerodynamic efficiency with easier passenger entry and exit, and more convenient loading.

Whether carving through rocky paths or gliding over desert dunes, the Patrol PRO-4X is built to respond and conquer. A 34-degree approach angle, six intuitive drive modes and a 4WD transfer mode interlock system provide unwavering confidence across diverse terrains. Rugged 20-inch alloy wheels wrapped in all-terrain tires underline the SUV's readiness to explore further and endure more.

Inside, the Patrol PRO-4X continues to impress, combining rugged capability with refined comfort. Every detail of the cabin is designed to support the journey, ensuring it's as enjoyable for passengers as it is empowering for the driver. This fusion of robust design, high-performance engineering, and all-condition adaptability positions the Patrol PRO-4X as the ultimate companion for adventure across the region's most demanding landscapes.

FEEL THE INNOVATION BEHIND THE POWER

Built to empower drivers across all terrains, the Patrol Pro-4X integrates innovation throughout to ensure performance is matched by connectivity, awareness, and convenience.

Inside, Google Built-In transforms the cabin into a digitally connected hub. From intuitive navigation via Google Maps to voice interaction through Google Assistant, the system delivers seamless, personalized access to essential apps and services. Wireless Apple CarPlay and Android

Auto keep drivers effortlessly connected on the go.

For a more enjoyable experience, the 12-speaker Klipsch Premium Audio system envelops the cabin in rich, high-fidelity sound, bringing energy, depth, and emotion to every road or trail.

To assist in navigation and maneuverability, the Patrol PRO-4X features a suite of visibility enhancements including the Intelligent 3D Around View Monitor, Invisible Hood View, and Ultra-Wide View cameras. These systems provide a clear, real-time perspective of the surroundings, simplifying complex maneuvers in both urban and remote environments.

Adding practicality to performance, the Patrol PRO-4X also includes an onboard air compressor with dual valves, enabling the inflation or deflation of two tires simultaneously. A practical off-road kit with a curated collection of essentials supports every outdoor expedition and offers added confidence wherever the journey leads.

Engineered to meet the needs of customers who demand proven capability, the all-new Patrol PRO-4X will be available starting **July 1st, 2025**, at **Saleh Al Hamad Al Mana Co. showrooms** — **the exclusive agent for Nissan in Qatar** — conveniently located across the country.

As part of an expanded Patrol lineup and broader SUV offering, it builds on the enduring legacy of Patrol while reaffirming Nissan commitment to delivering tailored performance, versatility and

innovation that cater to the increasingly diverse needs of customers in the region.
