Doha, Qatar – 26 June 2025 – HUAWEI Qatar proudly launched its innovative art initiative, Go Paint, at Doha British School – Al Wakra campus on Tuesday, 25 June 2025. The workshop brought together 12 talented students for a unique experience that blends artistic creativity with cutting-edge digital innovation.

Doha British School Al Wakra proudly hosted HUAWEI's "Go Paint" initiative in Qatar on 25 June

2025, providing 12 talented students with a dynamic workshop that seamlessly blended traditional painting techniques with digital creativity using HUAWEI MatePad tablets. Led by renowned Qatari artist Hassan Al Mutawaa, the session encouraged self-expression and introduced students to the latest in digital art tools.

Reflecting on the event, Principal Mr. Hurst noted that the workshop represented far more than just an art lesson, it served as a platform for cultural expression, imaginative learning, and the powerful intersection of education and innovation.

Led by acclaimed Qatari artist Hassan Al Mutawaa, the session offered students hands-on guidance in exploring both traditional painting techniques and digital art tools using the latest HUAWEI MatePad tablets. The initiative aims to promote self-expression among youth while showcasing how technology can enhance modern artistic creation.

As the industry's first smart device vendor to launch a self-developed painting app, Huawei has gained valuable insights into the creative needs of consumers. Adhering to the core concept of "Creation of Beauty", Huawei aims to enhance user experience through technological innovation, enabling everyone to enjoy the fun of artistic creation. The GoPaint app will undoubtedly strengthen the appeal of Huawei tablets within the artistic community and significantly enhance their creative workflows.

Mr. Tang Liangjian, Country Manager of HUAWEI Qatar, stated: “At HUAWEI, we’re committed to empowering the next generation through creativity and technology. The Go Paint workshop is more than just an art session – it’s a platform for cultural expression and imaginative learning. By collaborating with Doha British School and renowned Qatari artist Hassan Al Mutawaa, we aim to inspire young talent and support Qatar’s vision for a knowledge-based society. This initiative reflects our belief that technology can be a powerful bridge between education and creativity.”
