Gaza, July 03 (QNA)– The number of victims of the ongoing Israeli aggression on the Gaza Strip since October 7, 2023, has reached 57,130 martyrs and 135,173 injured.

The Ministry of Health in Gaza reported Thursday that 12 people waiting for aid were martyred and more than 49 injured in the past 24 hours, bringing the total number of those martyred while waiting for aid and received by hospitals to 652 martyrs and over 4,537 injured.

The ministry added that among the total figures, 6,572 martyrs and 23,132 injured were recorded since the Israeli occupation violated the agreement on March 18 and resumed its aggression on the Strip.

The Israeli occupation has increasingly been using aid distribution points, which it oversees, as traps to target civilians in Gaza.
