Islamabad, July 31 (QNA)– The death toll from heavy monsoon rains and flash floods that have hit Pakistan since June 26 has risen to 291, with 698 injured.

The Pakistan Disaster Management Authority (PDMA) confirmed in a statement Thursday that approximately 826 homes were also damaged by the rains and floods.

The statement said that among the dead were 102 men, 51 women, and 138 children.

It emphasized that rescue and relief operations are ongoing in various affected areas, as the

authority works in coordination with relevant authorities in the country's provinces to address the situation.

Pakistan is one of the countries most affected by the repercussions of climate change, with its population of 240 million facing increasingly severe and frequent weather events.
