Doha, August 13 (QNA) – The State of Qatar has expressed its condemnation and denunciation of the remarks made by the Prime Minister of the Israeli occupation regarding the so-called “Greater Israel” vision, considering them an extension of the occupation’s arrogance-based approach, fomenting crises and conflicts, and constituting an egregious encroachment upon the sovereignty of nations, as well as upon international law, the United Nations Charter, and resolutions of

international legitimacy.

The fabricated Israeli allegations and futile incitement will never undermine the legitimate rights of Arab nations and peoples. There must be solidarity within the international community to counter such provocations, which expose the region to violence and anarchy, the Ministry of Foreign Affairs stressed in a statement on Wednesday.

The ministry reiterated the State of Qatar's full support for all efforts aimed at achieving a just, comprehensive, and enduring peace in the region, and at consolidating security and stability both regionally and globally.
