Overseas Pakistanis Welfare Council Kashmir Forum has vehemently condemned India for imposing water aggression on Pakistan by deliverately releasing huge chunk of stored and

blocked water, causing flood-like situations in various rivers.

“The President of the Forum Malik Amir Kabul, in a statement reaching and released to the media here Tuesday night, said that due to India’s water aggression, after Punjab, now Sindh is also at risk of flooding. This aggression has resulted in damages worth billions of rupees. He warned Indian Prime Minister Modi saying This aggression will not help you win the upcoming elections, the Forum warned Modi, says a message reaching and released to the media here Tuesday night.

Malik Amir further stated that the Modi government in order to divert attention from its internal failures, is engaged in conspiracies against Pakistan. The world has now seen Modi’s true face and his fascist mindset.

He added that the nation and the armed forces gave a strong and effective response to the enemy’s aggression on May 10 proving that we are a great and United Nations.

“The entire nation was also showing unity against Indian water aggression. He revealed that due to heavy rains in Pakistan, 800 people have lost their lives while 1,100 have been injured. Hundreds of houses have been destroyed and properties damaged.

He labeled India’s action as the worst example of water aggression stating that India use to store rivers water and then suddenly release it in the form of floods without any prior notice, causing

severe loss of lives and property. He appreciated the rescue and relief efforts being jointly carried out by the Pakistan Army institutions, and the public, and urged the entire nation, especially the youth, to actively participate in rehabilitation efforts.
