Kuwait, April 02 (QNA) – The State of Kuwait expressed on Tuesday its condemnation of the raid launched by the Israeli occupation forces on Gaza Strip, which led to several casualties among them international relief aid workers from the World Central Kitchen relief organization.

In a statement, the Kuwaiti Foreign Ministry said that the State of Kuwait deplores the Israeli occupation forces' continued attacks on relief institutions and humanitarian organizations and their disregard for the demands of the international community to stop these massacres.

The ministry stressed the need for the Security Council to assume the responsibilities entrusted to it towards maintaining and protecting international peace and security and ensuring that relief aid reaches the Gaza Strip without obstacles or restrictions. (QNA)
