London, September 29 (QNA) – Qatar's mediation, along with its diplomatic and humanitarian efforts, forms integrated pathways that contribute to bolstering opportunities for peace and stability, HE Ambassador of the State of Qatar to the United Kingdom, Sheikh Abdullah bin Mohammed bin Saud Al-Thani, affirmed.

His Excellency was speaking during a discussion dinner that revolved around Qatar's role in the Middle East and North Africa, as well as on development and the situation in Gaza.

The event was organized by the Labour Foreign Policy Group (LFPG), on the margins of the UK Labour Party Conference in Liverpool, in collaboration with the Embassy of the State of Qatar to the UK.

Achieving enduring peace in the region requires meeting the fundamental humanitarian needs, His Excellency underlined, warning of the aggravation of the situation in Gaza due to the imposed restrictions on the flow of humanitarian aid.

He stressed that depriving civilians of humanitarian aid constitutes an egregious breach of international humanitarian law, emphasizing the importance of sustained support for the UN, particularly the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA). (QNA)
