Geneva, October 03 (QNA) – The State of Qatar has affirmed full support for the Libyan political process, relevant Security Council resolutions, and all peaceful solutions that preserve Libya's unity, stability, and sovereignty as well as achieve the aspirations of the Libyan people for security, peace, development, and prosperity.

This came in Qatar's statement delivered by third political researcher at the International Organizations Department of the Ministry of Foreign Affairs Ahmed Salman Al Hammadi during his participation in the interactive dialogue on the report of the Office of the United Nations High Commissioner for Human Rights (OHCHR) on technical assistance and capacity-building to improve human rights in Libya, Item 10, within the framework of the 60th session of the Human Rights Council in Geneva.

Al Hammadi welcomed the efforts and activities implemented by the OHCHR, in cooperation with the Libyan authorities, to provide support, technical assistance, and capacity-building to improve the protection of human rights and address challenges, especially during this transitional period the country is undergoing.

Having reviewed the report, the State of Qatar, he noted, condemns all violations committed against the Libyan people and calls on all Libyan parties to respect their obligations under international laws and agreements, promote national reconciliation and transitional justice, and ensure accountability for all violations committed against Libyans.

Al Hammadi urged the international community and the Office of the High Commissioner to continue providing technical assistance and coordinating with Libyan authorities and institutions to identify needs and priorities and ways to respond to them, thus contributing to achieving

positive results and assisting Libya in implementing its international human rights obligations.
