Damascus, December 01 (QNA)– The Israeli occupation forces renewed their attacks on Monday on various areas in the southern countryside of Quneitra in southern Syria.

According to the Syrian Arab News Agency (SANA), an Israeli occupation force accompanied by three tanks and two Humvees advanced to the top of Tel Abu Qubays, located on the outskirts of Ain Ziwan in southern Quneitra.

Another Israeli occupation patrol, consisting of three tanks and six military vehicles, reportedly set out from Tel Ahmar al-Gharbi post, taking the road leading to the village of Kudna in the direction of Kudna Dam, eventually reaching the outskirts of al-Dawaya al-Gharbiya.

Meanwhile, a separate Israeli unit advanced toward the western side of Saida Al-Hanout and the edges of al-Dawaya al-Gharbiya in the southern Quneitra countryside.

The Israeli occupation continues to violate the 1974 Disengagement Agreement through repeated incursions into Quneitra and Daraa and by targeting Syrian civilians.

Syria continues to call for the withdrawal of Israeli occupation forces from its territory, urging the international community to assume its responsibilities and put an end to Israel's aggressive practices.
