Silver Lake Motors Launches “End of Year” Offer for OMODA & JAECCOO

Doha, Qatar – December 02, 2025 – Silver Lake Motors, a subsidiary of **Al Mana Holding**, has unveiled its “**End of Year**” offer for the innovative **JAECOO** lineup, presenting exceptional value and flexible ownership solutions for drivers in Qatar seeking to upgrade their vehicles this season.

Running until **December 31st**, the offer includes the **JAECOO J5 and JAECOO J8 models**, featuring **zero percent down payment and zero interest for four-years**. This attractive financing structure makes premium automotive ownership more attainable than ever in the Qatari market.

In addition to its competitive financial offers, the campaign delivers an extensive bouquet of benefits designed to maximize peace of mind and long-term value. Customers will receive a **seven-year or 200,000 KM manufacturer warranty (whichever comes first)**, **four years of comprehensive insurance**, **two years or 40,000 KM of free service (whichever comes first)**, and **one year of free car registration**. Together, these advantages position the campaign as one of the most generous and well-rounded offerings in Qatar’s SUV segment, exclusively available on 2026 models.

What sets **OMODA & JAECOO** apart in today’s competitive SUV market is their genuinely global DNA, shaped by European design principles and engineering precision. Built with international ambition, both brands were developed in Europe, home to some of the world’s most demanding

automotive standards, ensuring they meet the expectations of drivers across global markets.

Ms. Ping Ding, Operations Manager of Silver Lake Motors, commented, “The Qatari automotive market is one of the most dynamic in the region, with customers increasingly prioritizing value, innovation, and reliability when choosing their next vehicle. Through these “**End of Year**” offers, we are not only providing exceptional financial flexibility but also reinforcing our commitment to delivering premium global brands that cater to the lifestyle and expectations of drivers in Qatar. By combining advanced European-developed engineering with one of the most comprehensive ownership packages in the segment, we aim to empower more customers to experience the elevated standards of **OMODA & JAECOO** with confidence and ease.”

Features

JAECOO J5

It is a light off-road SUV designed to seamlessly blend urban commuting with outdoor exploration, catering to the lifestyle of modern elites. It features an independent suspension system, 540° panoramic imaging, and a 600mm wading depth, along with 6 ARDIS driving modes for enhanced off-road adaptability. Embracing the Human·Vehicle·Life philosophy, the J5 offers three intelligent lifestyle modes—music, camping, and pet travel. Its Karaoke Mode integrates a noise-

canceling microphone and subwoofers for an immersive in-car music experience. For outdoor enthusiasts, a 75kg load-bearing roof platform and detachable magnetic lights add convenience. The SUV also prioritizes pet comfort, earning the TÜV SÜD certification for a pet-friendly cabin. With this combination of technology, versatility, and comfort, the JAECOO J5 delivers a best-in-class mobility experience.

JAECOO J8

With its commanding presence and luxurious touches, **JAECOO J8** is the flagship of the lineup. It equipped with Torque Vectoring All-Wheel-Driving and CDC Active suspension make the J8 OFF-ROAD driving experience more luxurious. It boasts a robust 2.0-litre turbocharged engine producing 245 hp, with configurations available in both 5- and 7-seater layouts and optional AWD. Advanced safety systems, cement the J8's place as a top-tier family SUV engineered for comfort, performance, and safety.

Customers are encouraged to visit the **OMODA & JAECOO** showroom at Barwa Commercial Avenue to explore these exclusive offers before the offer ends on **December 31st**.
