Jabr Al Nuaimi affirmed that Qatar National Day is an occasion that embodies the meanings of

loyalty and belonging, and reinforces the values of unity and cohesion that have characterized

Qatari society throughout its history. It is also an occasion to celebrate the nation's achievements

across various fields.

In a statement to Qatar News Agency (QNA), Her Excellency said that the day provides an opportunity to strengthen Qatari identity and consolidate the values of citizenship and social responsibility, particularly under this year's slogan 'With You It Rises and From You It Awaits' which reflects the central role of people in the country's progress and emphasizes the importance of collective efforts in building a cohesive society. She noted that the Qatari family serves as the primary nurturing environment where children are raised with love and loyalty to the homeland, making it a fundamental pillar of comprehensive development.
