DOHA, Qatar • 11 January 2026 – Under the patronage of His Highness Sheikh Tamim bin Hamad Al

Thani, the Amir of the State of Qatar, QatarEnergy will proudly host the 21st International

Conference & Exhibition on Liquefied Natural Gas (LNG2026) in Qatar, the Home of LNG.

From 2 – 5 February 2026, the iconic Qatar National Convention Centre (QNCC) will become the

global hub for LNG, welcoming industry experts, policymakers, and innovators from more than

80 countries to the world's most prestigious LNG event.

Under the theme: "Leading LNG: Powering Today and Tomorrow", LNG2026 will spotlight market trends, breakthrough technologies, and innovations shaping a sector that remains essential for global energy security and a cornerstone of the energy transition.

His Excellency Mr. Saad Sherida Al-Kaabi, the Minister of State for Energy Affairs, the President and CEO of QatarEnergy, said: "The State of Qatar is proud to host the 21st International Conference & Exhibition on Liquefied Natural Gas for the second time in this event's history. It is our honor to welcome the international energy community for a meaningful conversation on the vital role and future of this reliable and affordable source of energy."

H.E. Minister Al-Kaabi added: "The responsible development of Qatar's natural gas reserves, coupled with enduring partnerships and strategic investments, has positioned QatarEnergy as a major global LNG player and helped establish LNG as the cornerstone of growth and the primary vehicle for achieving fair and equitable access to cleaner energy."

The conference program will feature high-level panel discussions and interactive debates on critical topics including LNG's role in meeting global energy demand and its competitive advantages.

Alongside the conference, the LNG2026 exhibition will span 35,000 square meters, hosting 300 exhibitors from across the LNG value chain. Conference registration is now open at LNG2026.com.
