Doha, February 01 (QNA) – HH the Amir Sheikh Tamim bin Hamad Al-Thani visited the Web

Summit Qatar 2026 at the Doha Exhibition and Convention Center (DECC) on Sunday.

Having toured the booths of the participating national and international companies, HH the Amir was apprised of the latest innovations and cutting-edge technological systems in the areas of technology and artificial intelligence, as well as entrepreneurship and digital transformation.

His Highness listened to an explanation about the position of this summit as a global forum to share expertise through holding panel discussions and specialized workshops, representing solution platforms and modern technologies, in addition to public and private sector initiatives supporting the technology sector, with the participation of a contingent of keynote speakers and decision makers in this sector.
