Doha, February 26 (QNA) – HH the Amir Sheikh Tamim bin Hamad Al-Thani emphasized the importance of protecting natural resources and preserving biodiversity in the State of Qatar to ensure a balance between the country’s development plans and its sustainability goals.

HH the Amir also urged all members of the public to protect the environment, which, in turn, will

positively impact public health and quality of life.

In a post on his official X account, HH the Amir said, On Qatar Environment Day, we recall the great importance of protecting our natural resources and preserving our biodiversity to achieve a balance between our development plans and the desired sustainability. We urge everyone to protect our environment, as this will positively reflect on the health of society and the quality of life.”
