Doha, March 13 (QNA) – The Ministry of Interior stressed that the situation remains stable with services across vital sectors continuing to operate normally. It added that competent authorities were following developments.

This came in a post on the ministry's X account. It added that National Warning System alerts are issued only when urgent precautionary measures are required to safeguard public safety.

The Ministry of Interior urged the public to strictly adhere to instructions provided in these alerts, including remaining inside buildings away from windows and open spaces, as well as avoiding leaving until another alert is issued indicating the threat has been eliminated.
