Manama, April 05 (QNA) – The General Command of Bahrain Defense Force announced that the air defense systems intercepted and destroyed 13 drones in the past 24 hours.

In a statement, the General Command affirmed that the use of ballistic missiles and drones to target civilian areas and private property constitutes a flagrant violation of international humanitarian law and the United Nations Charter. These indiscriminate attacks represent a direct threat to regional peace and security.

It urged all members of the public to follow guidance from the relevant authorities, to share only verified information from official sources, and to refrain from spreading rumors or unverified claims.

According the Command, the total number of missiles and drones intercepted and destroyed since the beginning of Iran's hostile aggression against Bahrain now stands at 188 missiles and 466 drones
