An integrated phased plan has been initiated by the District Council Mirpur to develop modern sports grounds across rural areas of Mirpur, aiming to bring facilities at par with urban centers and promote youth engagement in healthy sporting activities in Azad Jammu and Kashmir. This

initiative is part of a broader strategy to strengthen grassroots sports infrastructure and provide equal opportunities for talent development in remote communities.

According to District Council Chairman Raja Naveed Akhtar Goga, the under-construction Chitterparri Sports Ground on the outskirts of Mirpur will be completed within days and opened for public use. He added that walking tracks and allied facilities will be developed to host regional and national level events, ensuring better recreational opportunities for youth.

Local administration officials accompanied the inspection visit, while special emphasis was placed on community cooperation to maintain and improve sports infrastructure across the district. The District Council Chairman stated that promoting healthy activities remains a core mission of the institution, with focus on ensuring children and youth have access to modern sports facilities close to their doorstep.

Residents of the area have been urged to support the ongoing development work, which is expected to significantly boost sporting culture and provide constructive engagement opportunities for the younger generation in rural Mirpur. Officials believe that the project will help identify emerging athletes and strengthen community-level sports networks, while also contributing to social cohesion and healthier lifestyles across the district in the coming years.

Chitterparri Sports Ground is expected to serve as a landmark facility for Mirpur, offering

organized venues for cricket, football, athletics, and community events under one integrated infrastructure plan. District authorities reaffirmed their commitment to continue similar projects across other rural zones to ensure balanced development and sustained investment in youth sports infrastructure throughout Azad Jammu and Kashmir in the coming years.
