Hamas lauds Egypt 's decision to support South Africa 's genocide case against Israel at the ICJ.

Egypt cited escalating Israeli attacks on Gaza 's civilians and infrastructure. Hamas calls for Arab and Islamic nations to join the legal action, urging international isolation and accountability for Israeli leaders. Over 35,000 Palestinians, mostly children and women, have been killed, with 76,600 others injured in the conflict. Gaza suffers vast destruction and a blockade limiting access to essentials. The ICJ 's interim ruling in January recognized the possibility of Israeli actions constituting genocide, demanding cessation and humanitarian aid provision. South Africa seeks Israel 's withdrawal from Rafah in additional emergency measures at the ICJ.
