Doha – H.E. Dr. Mustafa Göksu, Ambassador of the Republic of Türkiye to the State of Qatar, affirmed that the visit of H.E. Foreign Minister Mr. Hakan Fidan to Doha carries exceptional significance, as it comes at a highly sensitive regional time marked by increasing challenges and critical developments.

The Ambassador stated that the visit reflected the depth of Turkish-Qatari relations and witnessed high-level diplomatic engagement. During the visit, H.E. Minister Hakan Fidan was received by

His Highness Sheikh Tamim bin Hamad Al Thani, Amir of the State of Qatar. He also held official and expanded talks with H.E. Sheikh Mohammed bin Abdulrahman bin Jassim Al Thani, Prime Minister and Minister of Foreign Affairs, in addition to a key meeting with H.E. Sheikh Saud bin Abdulrahman Al Thani, Deputy Prime Minister and Minister of State for Defence Affairs.

Dr. Göksu emphasized that the visit conveyed a firm message warning against the risks of an expanding regional conflict and reaffirmed the shared support of both Türkiye and Qatar for constructive mediation efforts aimed at de-escalation and conflict resolution.

He stressed that Ankara and Doha remain committed to safeguarding regional stability and preventing the resumption of military operations due to their catastrophic impact on international peace and security as well as the global economy.

The Turkish Ambassador highlighted the full convergence of views between the two countries, noting that the remarks made by H.E. Hakan Fidan – in which he described Israeli expansionism as “the primary problem” and the main threat to regional stability and security – reflect a deeply rooted and shared strategic position between Türkiye and Qatar.

Dr. Göksu added that the expansionist and aggressive policies witnessed in Gaza, Lebanon, the West Bank, and Syria have resulted in the deaths of thousands of innocent people and forced millions into displacement and refugee conditions under severe humanitarian suffering.

In the context of strengthening diplomatic efforts, the Ambassador reiterated Türkiye's full support for the State of Qatar's continuous efforts to resolve crises through diplomacy and effective mediation. He noted that the two brotherly countries serve as an integrated pillar of regional stability and consistently support one another's initiatives on international platforms.

The Ambassador concluded by affirming that the discussions held during the visit reflect the strong political will of the leaderships of both countries to play an active and influential role in resolving regional crises while enhancing coordination and joint cooperation.

He further underscored the steadfast position of both Türkiye and Qatar in supporting the resilience of the Palestinian people and adhering to the two-state solution as the only strategic path toward achieving a just and lasting peace in the region.
