Doha, May 23 (QNA) – The Academic Bridge Program has celebrated the graduation of its Class of 2024 in an official ceremony honoring 123 graduates. The event signifies an important milestone in the lives of the students, concluding a journey filled with learning, challenges, and experiences.

The ceremony, held at the Pre-University Education (PUE) Theater, was attended by Abeer Al Khalifa, President of Pre-University Education, part of Qatar Foundation (QF), as well as faculty members and parents.

ABP's Director Dr. Saheim Khalaf Al Temimi said: "Today is more than just a celebration; it is an opportunity to express our pride in our graduates unwavering commitment to social responsibility and their deep belief in creating positive change in society through their ideas, actions, and deeds. They have demonstrated exceptional will and determination." Dr. Al Temimi added that the aim of ABP, which was established in 2001, is to prepare high school graduates for admission to and success at top universities in Qatar and around the world.

"We achieve this through outstanding academic support tailored to each student's needs, providing them with the academic and personal skills needed to embark on their journey towards achieving their university dreams...As we celebrate the achievements of our graduates, we are thrilled to introduce a significant milestone in the Academic Bridge Program journey: the launch of new academic programs and pathways. These initiatives are meticulously crafted to improve academic and career opportunities, foster essential personal skills, empower our students, expand learning horizons, and stay aligned with modern developments. Our aim is to provide our students with the highest quality education in line with international standards
