Center's Little Employee

Doha, Qatar – 29 June 2024 – Qatar Career Development Center (QCDC), founded by Qatar

Foundation, hosted the inaugural event of the fourth edition of the “Little Employee” initiative on Thursday.

The event, held in collaboration with departments housed at Multaqa (Education City Student Center), saw participation from Qatar Debate, Student Life, Education City Operations, Information Technology, Asset Management, and QCDC employees.

The event witnessed over 34 children of the participating entities at Multaqa enjoying a day accompanied by their parents, immersing themselves closely in their workplace environment to explore its diverse specializations. The “Little Employee” initiative, a longstanding program organized by QCDC over the years, aims to inspire younger generations and cultivate an early interest in career culture.

The Little Employee Multaqa Day activities included interactive group activities, including a presentation by QCDC experts introducing the initiative and highlighting best practices to maximize participant benefits. The day concluded with the distribution of participation certificates to children, detailing their hours of work and the institutions they volunteered with, encouraging them to engage in further career development activities such as internships, volunteering, and more.
