Finance Minister Muhammad Aurangzeb on Thursday stated that the military's pension structure is unique, requiring a complete overhaul of its service structure, and announced one year for implementing new pension regulations. He stated that their unique structure necessitates a comprehensive change in their service system, with a one-year timeframe to adopt new pension laws. According to Express News, he said this at the National Assembly's Finance Committee meeting, chaired by Syed Naveed Qamar, on Thursday. The meeting included a briefing on

ongoing negotiations with the International Monetary Fund (IMF). The minister pointed out the heavy burden pensions place on the national treasury, with Rs1 trillion spent annually. He announced the introduction of new schemes in the budget to reduce pension costs, including a voluntary pension scheme for new employees. The finance minister informed the committee that all macroeconomic indicators showed positive trends in the previous fiscal year, with inflation decreasing. He noted that difficulties arose in 2023 when the IMF program was suspended, particularly regarding the repatriation of profits by investors. However, the situation has significantly improved. Aurangzeb highlighted that the International Finance Corporation (IFC) provided a \$400 million loan to PTCL. He assured that there are no longer import restrictions, and there is no pressure to artificially suppress any commodities. He further emphasised the stabilisation of the forex market and the goal to increase the tax-to-GDP ratio to 13%, as the IMF $indicates \, that \, no \, country \, can \, sustain \, a \, 9\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, and \, country \, can \, sustain \, a \, 9\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, an expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, an expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, an expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, an expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, an expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, an expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, an expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expressed \, gratitude \, to \, an expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, expression \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, a \, 4\% \, tax-to-GDP \, ratio. \, Aurang zeb \, a \, 4\% \, tax-to-GDP \, ratio. \, A$ provincial finance ministers for their support of agricultural income tax and stressed the importance of bringing everyone into the tax net, aligning with the IMF's demand for taxation on actual income.
