Gaza, July 18 (QNA) – The Israeli occupation forces (IOF) murdered more than 38,848 Palestinian civilians and injured more than 89,459 others, in Israel’s relentless genocide on the Gaza Strip, which has continued its tenth month.

Medical sources in the Gaza Strip reported in statements today that the IOF committed -in the past 24 hours- three massacres against Palestinian families in Gaza, slaughtering 54 civilians and injuring 95 others.

Sources pointed out that tens of thousands of victims remain under the rubble and scattered on the streets, explaining that the IOF has been preventing ambulance and civil defense crews from reaching them.

The IOF has recently escalated its relentless genocide against the Palestinian civilians. Over the past few days, the IOF bombed the remaining shelter centers housing displaced civilians in Gaza, whether government schools or other schools affiliated with the United Nations Relief and Works Agency (UNRWA), and bombed residential communities, whether in central Gaza or in Rafah, south of the Gaza Strip.
